

Attention dilute lovers!

# Mini Gaits Buckin Ice Man

AMHA A171565.....6-15-06

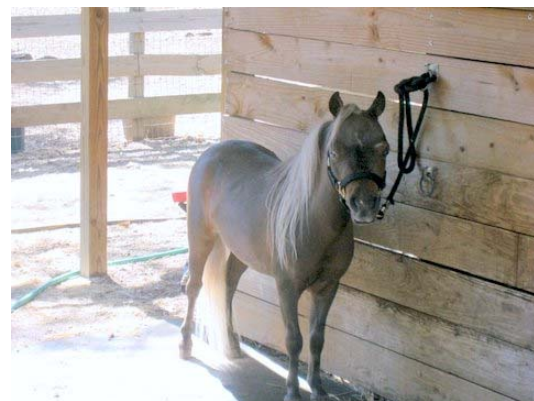

.....gorgeous Buckeroo bred 28" silver bay stallion.....

Two Icy blue eyes and very araby head. Icy did well at our AMHA shows and placed 12th

in Amt. halter at World 08, and he did well in solid color at the shows. Icy is a lovely, tiny, beautiful little stallion with a pedigree to match. He could do very well in Amt. 28" under senior stallion. The one mare he was bred to is in foal, so he is a proven sire. We are not breeding

due to the over abundance of minis and a slow market. Icy needs some mares and he should produce lovely foals. I have many pictures if you will email. We are asking 3,000 but are open to offers, as we have four stallions. If you like Buckeroo, refined, and a head hunter, he is your boy. We would consider a lease in Texas. We bred him to one mare and she is confirmed in foal.....his pedigree is outstanding.
